

BHOOMITHRASENA CLUB BMC120/TSR/10/10

MES ASMABI COLLEGE, P.VEMBALLUR

The Bhoomithrasena club of MES Asmabi College conducted many activities during the academic year 2019-20. The major achievements of Bhoomithrasena club include vegetable cultivation, various awareness programmes, observance of environmentally important days, field trips etc.

World environment day 2019

BMC organized various programmes as part of environment day celebrations 2019. Students cleaned the campus and green house. As part of environment day celebrations, BMC along with the department of botany organized 'Pranah 2019' on 27th June 2019, 10.00a.m with the financial support of KSCSTE. Dr. Suresh V, Assistant Professor, Govt.Victoria College, Palakkad was the chief guest. The programme was presided by Dr. Ajims P. Mohamed, Principal, MES Asmabi College. A seminar was conducted by Dr. V. Suresh on the topic- Pollution- causes and effects. He emphasized on the necessity of taking actions for the protection of earth and its resources. Dr. K. M. Mohamed Nasser, HoD, Botany welcomed the gathering and smt. Shaheedha T.M, Co-ordinator of the programme delivered vote of thanks. A quiz programme was conducted for the college students at 1.30 p.m on the topic- Environment. 10 teams participated and the winners were awarded with cash prizes of Rs. 1000, 800 and 600 each. Ms. Devikrishna C.S and Mr.Sabin P.Q, Research fellows, Research dept. of Botany were the quiz masters.

FIELD VISIT TO A LOCAL FARMYARD

Bhoomithrasena club of Botany conducted a field visit to a nearby farm on 19/06/2019. Smt. Shemi C B and Dr. Girija T.P. assisted with 30 students from III year BSc Botany for the visit. Mr. Sreeni, the owner of the farm showed the cultural practices in his farm. There were different types of crops cultivated in his farm. The main crops include coleus, tapioca, turmeric, rice etc.

VEGETABLE CULTIVATION IN THE CAMPUS

Vegetable cultivation was carried out in the campus jointly with Research department of Botany. Vegetables were cultivated in the available area in the college campus. As a part of this,

vegetables like tapioca, coleus and turmeric etc. were cultivated in the campus. Club members actively involved in the cultivation programme with plot cleaning, preparation of potting mixtures, timely irrigation, plant protection measures, etc.

KARKKIDAKAMAASACHARANAM

As a part of “Karkkidaka masacharanam”, karkidakakanji and pathila curry were prepared and distributed among the staff and local people on 6-8-2019. Principal in charge Dr. K. M. Mohammed Nasser inaugurated the function. A quiz based on ‘Ramayanam’ was also organized with the help of Malayalam department. The students of Aquaculture won the first prize.

NO CARBON DAY OBSERVATION

As part of green protocol adoption, BMC organized no carbon day on 8th November, Friday. All the teachers, non-teaching staff, students avoided private vehicles and used public transportation. This practice was decided to continue in every month throughout the year.
