### **OBC Cell - Annual Report-2018-19**

OBC Cell of MES Asmabi College functioned under the Liaison Officer Dr.Asma V.M. Amitha.P.Mani, Chithra.P and Abdul Yafiz were members. This report sums up its functions highlighting our activities, achievements, and endeavors during the period from June 2018 to March 2019.

The OBC Cell continued its commitment to promoting awareness and advocating for the rights and entitlements of the Other Backward Classes (OBC) communities. Our efforts focused on education, empowerment, and fostering a sense of inclusivity within the college and the broader society. A significant highlight of the year was the successful execution of an awareness campaign held on 18th October. This campaign aimed to educate OBC communities about their rights, entitlements, and opportunities available to them. Through workshops, seminars, and interactive sessions, we disseminated crucial information regarding government schemes, scholarships, and resources tailored for OBC members. The campaign received positive feedback and active participation from both students and the local community.

We continued to assist OBC students in availing various scholarships and financial aid programs. The cell worked diligently to streamline the application processes, ensuring that deserving students could access these opportunities seamlessly.

Looking ahead, the OBC Cell aims to further expand its initiatives. We plan to introduce mentorship programs, career fairs, and networking events to provide holistic support to OBC students. Additionally, we aspire to strengthen

our ties with governmental bodies to amplify our impact and advocate more effectively for the rights of OBC communities.

The past year has been marked by significant progress and impactful initiatives in our pursuit of empowering OBC communities. We remain dedicated to our mission of ensuring equal opportunities and rights for all members of the OBC category within our college and the larger society.

We extend our heartfelt gratitude to the college administration, faculty, students, and our collaborators whose unwavering support and cooperation have been instrumental in our achievements.

Dr.Asma...OBC Cell Laison Officer
