

## Report on Research Scholars and Guides Review Meeting

### Introduction

A review meeting for **research scholars and guides** was held to discuss key research-related topics and quality improvement initiatives. The session was attended by **36 members**, including **26 research scholars and 9 guides**.

### Session Proceedings

The session was **opened by Dr. Reena Mohammed**, followed by presentations from **Dr. Amithabachan K.H. and Dr. Shafeer**. Discussions focused on plagiarism and quality initiatives in research.

### Topics Covered:

#### 1. Plagiarism

- All publications released under the college's name must undergo a plagiarism check.
- A **Plagiarism Committee** will ensure that plagiarism levels remain below **10%**.
- At a minimum, the **cover page, copyright page, and index page** of every book or book of abstracts should go through an approval process by the **Research Promotion Council and the Plagiarism Committee**.
- Concerns were raised regarding high plagiarism percentages in some research projects submitted for review.

#### 2. Quality Initiatives

- It was **decided to conduct a research conclave without delay** to encourage scholarly discussions and research quality enhancement.
- Research scholars provided **brief summaries of their activities over the last two years**.
- Scholars raised concerns about **UGC CARE List journals being removed over time**. Some had published in journals while they were on the CARE list, only to find them removed later. Keeping **screenshots as proof** of listing status was suggested as a precaution.

#### 3. Institutional ID and Library Concerns

- **Research scholar Aswathi C.L. inquired about obtaining an institutional ID**. The librarian, Saliha, will look into the matter.
- **Saliha also raised concerns about the high percentage of plagiarism in projects submitted for review**, emphasizing the need for stricter quality control measures.

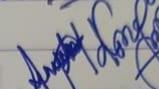

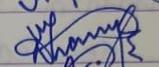

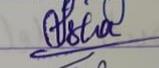

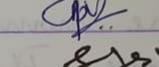

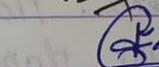

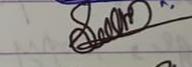

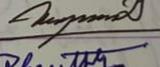

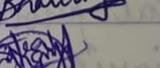

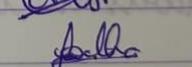

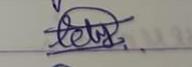

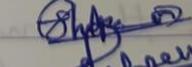

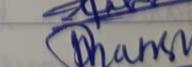

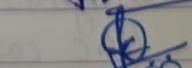

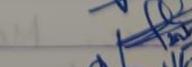

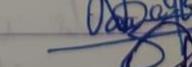

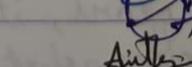

### Conclusion

The meeting concluded with research scholar **Sebin delivering the vote of thanks**. The discussions highlighted the importance of maintaining academic integrity, ensuring quality in research publications, and addressing concerns related to journal indexing and institutional support. Future actions include organizing a research conclave and strengthening plagiarism review processes.
